

# Montgomery Faces Lasuen For Probable Title Decider

Only one football team has defeated Fermin Lasuen in the past two years and yet that will be the assignment given to Bishop Montgomery tomorrow night.

Already boasting its finest season in history by virtue of four wins against only one defeat, Montgomery will take on the defending Camino Real League and CIF "AA" division champions at 8 p.m. The Knights, who will host the crucial collision, have been decided underdogs in all five games this year and the situation will not change tomorrow.

Lasuen went undefeated last time around and panted Montgomery 56-7. This season, although the Padres are "big and experienced" in the words of Knight mentor George Swade, Lasuen has dropped a 24-0 nod to Pomona Catholic.

Swade promises one thing tomorrow night. He

guarantees there will be no repeat of last year's one-sided score.

In his second term at Montgomery, Swade predicts, "If we play football we will give them a heckuva game. If we get the breaks, we can beat them."

Only once this season have the Knights not played football, and it cost them a 25-6 defeat at the hands of Lawndale. Prior to that, Montgomery hung one-sided defeats on St. Genevieve and Lutheran. After the loss, BMHS came back with a 13-6 win over Lennox and followed with a 13-7 decision over St. Monica to open the Camino Real League campaign.

When everything is right offensively, the Knights really roll. Three fleet halfbacks and two outstanding passers give Montgomery go power.

ROPING A COLT . . . Banning defenders Vic Corpuz (19) and Ed Escandon (40) put the brakes to Carson back Larry Crabtree during last week's Marine League opener won 26-14 by the Pilots. Crabtree picked off two Banning aerials, one that resulted in the second Carson touchdown of

the evening. In its initial year of grid competition, the Colts have suffered a 16-6 loss to Western High, nudged Lennox, 17-13, and dropped a 26-13 decision to Lincoln. Former Banning mentor Gene Vollnogle has installed the single-wing at Carson. (Herald Photo)

### WEAK CENTAURS

## Culver City to Host Saxons In Sky League Grid Battle

Weak Culver City will host a red-hot North High eleven tomorrow at 8 p.m. in the second Sky League tussle of the season for both squads.

North, the defending Bay League champions, opened the

Sky campaign with a convincing 26-7 triumph over Morningside last week. Culver City fared much worse, dropping a 40-7 duke to title contending Inglewood.

The Saxons romped for a

## Narbonne Lures Title Contenders

Pre-season Marine League football favorite San Pedro will roll into Narbonne High tomorrow at 3 p.m. as both elevens search for their first circuit win.

San Pedro all but dropped out of championship competition in the league opener last week, tumbling 21-7 before Gardena. At the same time, Narbonne fell to Jordan, 36-14, to remain winless for the year.

The Pirates lost two time All-City and 1962 L. A. Player of the Year Ron Barber at tailback but have 14 lettermen back to spearhead their title search.

BARBER'S replacement, 160-pound Ernie Castaneda, has tallied 21 points so far. Castaneda has earned three touchdowns and added three conversions.

Returning from last season's

co-championship eleven are All-City tackle Vern Loveridge and All-Marine guard Dennis Loveridge, who scale 225 and 190 pounds, respectively.

Narbonne's main problem this season has been the lack of a full-time offense. So far, the Gauchos have yet to put together 48 minutes of sound football. In last week's loss to Jordan, Narbonne managed to come alive only in the final quarter.

DANGEROUS Bob Brooks scampered 69 yards for the first Narbonne score against Jordan. The 5-8, 157-pound halfback cut around his left end and went unmolested for the tally.

Quarterback Steve Stanley earned the second Gauchos score on a short sneak up the middle.

score in every period against Morningside. Quarterback Sam Elliott scored twice, going over on one- and two-yard quarterback sneaks.

John Rance chalked up six points for North on a 3-yard plunge and end Cliff Specht hauled down a 10-yard toss from Elliott for another score. Bill Cunnerty converted twice.

Inglewood, co-favorite with North and Leuzinger for the Sky League crown, pushed at least one score across in every quarter to hand the Centaurs their fourth straight defeat.

Last season, Culver City finished third in the Pioneer League, but only five lettermen are back as they move up to rougher competition in the new circuit.

INEXPERIENCE was evident in the Centaur loss to Inglewood. The Sentinels tallied at will through the air and on the ground to record their fourth win in five starts.

Inglewood tallied on runs of 84, 7, and 65 yards while moving 9, 25, and 16 yards through the air.

DON WOOTER, a 180-pound tackle; Mark Kallionzes, a 155-pound guard, and Dick Huerta, a 185-pound center, are the only returning Culver linemen.

## Monarchs Rip North Harriers

Sky League cross country favorite Morningside blasted its nearest rival, North High, by a 19-40 (low score wins) margin last week to all but assure itself of the championship.

North tripped and stumbled over the Monarch course as Morningside came within two runners of earning a perfect victory. Only Gordon McBeath, fourth, and Dave Ramsey, fifth, stopped MHS from sweeping the first seven places.

Trailing for North were Dan LaCoe, Tim Foley, Alex Mendoza, Dennis Hansen and Joe Taylor.

MORNINGSIDE walked off with a 23-35 duke in the junior varsity division and also handily took the novice division to make a clean sweep of the afternoon.

Saxon coach Howard Smith still feels his team has a good chance for second place in the league. To date, North has whipped Leuzinger and Culver City.

## Redondo Nudges Spartan Runners

Ten consecutive dual meet wins and a chance for the Bay League cross country crown disappeared for South High Tuesday afternoon when host Redondo registered a 27-28 victory. (Low score wins.)

Disappointed South Coach Dick Scully commented, "Redondo's great, you can not take it away from them, but the difference was in the course."

"On neutral ground, we would have done much better," Scully predicted.

SOUTH MOVED into the two top positions when Wes Fox ran the second fastest time ever over the 1.68 mile course for first place and Dave Ledford finished just one second behind.

Fox, only a junior, toured the distance in 8:38.

REDONDO PICKED off the third through six places with South taking seventh, eighth and tenth. Spartan finishers in-

## Colts Seek First Loop Win

Up in the air after almost upsetting City powerhouse Banning last week, first-year Carson High will host Marine League-leading Jordan tomorrow at 3 p.m. in a circuit encounter.

A heavy underdog against Banning, Carson actually led the Pilots 14-13 just seconds before halftime and trailed by only five points with less than seven minutes remaining in the final quarter.

Experience saved the day for Banning as the Pilots took advantage of a 50-yard intercepted pass and a roughing the

kicker penalty to post a 26-14 victory in the league opener for both elevens.

JORDAN TOOK advantage of its speed and break-away power last week to conquer late-starting Narbonne, 36-14. Tom Wimbish, a cat-quick halfback, tallied three touchdowns, two on long runs, to lead the one-sided win.

Wimbish, who has a total of four touchdowns to his credit this season, cut loose on runs of 91 and 63 yards to ruin the Gauchos.

KENNETH McDANIEL, a two-year veteran and 9.7 sprinter, operates at quarterback for Jordan and is considered the Bulldogs' top hand. McDaniel scored twice against Narbonne, once on a 30-yard burst.

Carson has only a win over

Lennox to its credit this season but the Banning game will go down unofficially as a victory. The Colts were even with the Pilot powerhouse in every department but on the scoreboard, and at that Banning received two gifts TDs.

SENIOR TAILBACK Mike Turner, the key man in Carson's single-wing attack, was responsible for all of the Colt points. Turner, a chunky, 5-8, 167-pounder, scored on runs of 5 and 12 yards and boomed across for both conversions.

One of the major surprises in a night full of Carson stunners, was the play of 167-pound Larry Crabtree. Crabtree halted two Banning threats with fantastic interceptions, one of which set up the second Colt touchdown.

EARLIER IN the season, Jor-

dan had been listed as a dark-horse for the Marine League title behind Banning, Gardena and San Pedro.

The Panthers are now a department but on the scoreboard, and at that Banning received two gifts TDs.

Speed is one commodity Jordan has plenty of and the one thing in which Carson is completely lacking. Colt coach Gene Vollnogle does not believe there is a single man on his club who can run the 100 in less than 11 seconds.

## West Vies In Second Loop Fray

Winless in Pioneer League competition, West High will celebrate its first Homecoming ever tomorrow night at North High against upstart Lennox.

In its first league game in history, the Warriors suffered a 27-0 setback at the hands of title-contending El Segundo. The Eagles rammed over single scores in both the second and third periods and cinched the contest with a 13-point final period outburst.

Lennox came alive in its first league encounter of the year, sending defending champ Torrance down to defeat, 27-20.

The Lancers managed a 7-6 bulge at halftime and broke the game open with 13 points in the third period. Lennox then withstood a two TD rally by Torrance in the last stanza to post its second victory in three starts.

Boasting a balanced offense, the Lancers shot four different men over for touchdowns.

Quarterback Dwight Schlieve was the key man for the Lancers, scoring what proved to be the winning touchdown in the final quarter.

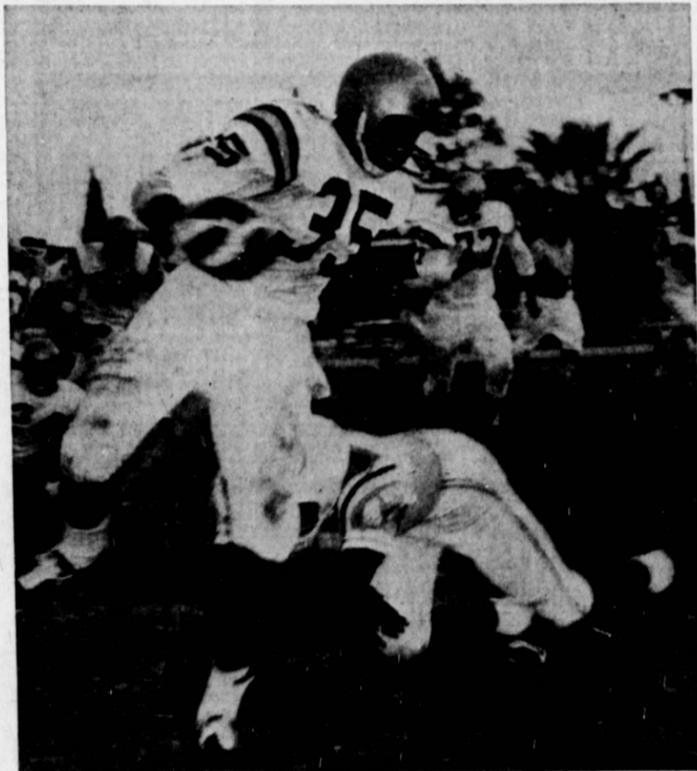

## Torrance Thinclads Nip Cards

Landing its second Pioneer League cross country win of the year, Torrance High earned a 26-30 triumph over Lawndale Friday afternoon.

Larry Paker finished in first place for the Tartars with a 10:35 clocking. Trailing for Torrance were Keith Bleakley, 3rd; Richard Fuller, 4th; Richard Sleet, 6th, and Steve Brown, 11th.

In junior varsity competition, Torrance wound up on the short end of a 20-36 count. Albie Grijalva was the first THS runner to finish, grabbing a fourth place overall.

Trailing Grijalva for Torrance were Jim Miller, 5th; Bob Brislin, 7th; Craig Graves, 9th, and Fred Feldon, 11th.

NARBONNE RAMBLER . . . Huge Gauchos halfback Lloyd Edwards slips past an ankle tackle and romps for long yardage in last week's 36-14 Marine League defeat at the hands of title darkhorse Jordan. Edwards, a 6-3, 205-pound senior, is quick enough to have run an anchor leg on Narbonne's relay team during last year's track season. The huge workhorse will return to action tomorrow against San Pedro as the Gauchos seek their first pigskin triumph in more than a year. (Herald Photo)

## School Trustees Okay Stadiums

Six years of football games at other schools may end soon for the Spartans of South High School.

Members of the Board of Education approved plans for lights and bleachers for the South High stadium at a meeting Monday evening.

Lighting at West High and restroom facilities at South and Torrance also were approved.

Facilities are expected to be ready for graduation exercises in June, according to Dr. J. H. Hull, superintendent of schools. He said lighting contracts would be awarded Nov. 18 by the board. Contracts for the restroom facilities will be awarded Dec. 16. Once those installations have been completed, the bleachers will be installed at the South High field.

Since the school first opened in 1957, South High home games have been played at Torrance High. West High currently plays its home games at North High.

Completion of the South High stadium means that all four high schools will have their own football facilities. West High bleachers are now under construction as part of the contract for the gymnasium facilities awarded in September.

Bleachers will be Alaskan cedar on steel frames, with seating evenly divided on both sides of the fields. Construction costs will be paid through bond funds, and will not affect the override tax.

FREIGHT TRAIN . . . Carson High tailback Mike Turner romped for two touchdowns and two extra points last week as the Colts scored Marine League powerhouse Banning before falling, 26-14. A senior transfer from Banning, Turner, at 5-8, 167 pounds, has accounted for 22 points this season. Carson will tangle with Jordan High tomorrow afternoon. (Herald Photo)
